Black Faces White Spaces Reimagining
Carolyn Finney, PhD is a storyteller, author and a cultural geographer. The aim of her work is to develop greater cultural competency within environmental organizations and institutions, challenge media outlets on their representation of difference, and increase awareness of how privilege shapes who gets to speak to environmental issues and determine policy and action.

CAROLYN FINNEY
The fall of 2019 marks 50 years since Xavier’s undergraduate day program opened to women, breaking a 138-year, men-only tradition. To acknowledge this milestone, the campus will come together in a variety of ways.

The following examples come from the book, A Fate Wore Than Death; Indian Captivities in the West; 1830-1885 by Gregory and Sussan Michno. The book is often gruelingly gruesome, but is hard to put down. The book provides a fair treatment.

The Recliner Commentaries: A Fate Worse Than Death
We asked a handful of writers, activists, scholars and conservationists about their hopes, dreams and fears about the National Park System. Here’s what they had to say. I love stories. When asked to share my feelings about the National Park System, my first impulse is always to tell a story ...

What is going to happen to national parks in the next ...

Foo Fighters. When Foo Fighters released a debut album written and recorded entirely by leader Dave Grohl — at that point known only as the powerhouse drummer for Nirvana — in the summer of 1995, few would have guessed that the group would wind up as the one band to survive the '90s alt-rock explosion unscathed.

It is evident that civil society really matters – it is a valuable and essential part of our daily lives. It is clear to us that civil society, in all its forms, from neighbourhood action to nationally known charity, from communities of faith to social activism, from clubs and societies to self-help and social enterprise, really matters.
