Read reviews from world's largest community for readers. A linear Algebra book in good condition except for some highlighting inside. ... About Steven Levandosky ...

**Linear Algebra by Steven Levandosky - Goodreads**

I had to use this book for an introductory class on Linear Algebra. Levandosky did a great job writing the book in a logical manner. I was able to follow the book and learn the material when I didn't understand lectures. I appreciated how Levandosky put some proofs so that the reader would get a taste but not be bogged down by them.
