Missing Mummy A Book About

"The Missing Mummy" is book 13 in the A to Z Mysteries series. I read this aloud to my 5 and 8 year old and they loved it! It's a simple mystery for an adult to figure out, but it was intriguing to see my kids work out how it happened and who was the thief! It's the first one I've read to them but would definitely be willing to read more of them.

Missing Mommy is a simple yet beautiful book that I was able to emotionally connect with. It is about a boy missing his mother, who passed away, and couldn't understand why he can't find her nor left the family without her stuff. This book was so well paced that it actually emotionally hurt me as I was reading through the book.
