Stock Market Crashes: Predictable And Unpredictable And ...

Best Answer: The word "predict" is something we try to avoid here. No price change is "predictable," not in the next minute or hour or day or week. Nobody, not one single person, has been able to predict future price any better than a coin toss. That would require us to be psychic. That is not to say that ...

How predictable are stock market crashes? | Yahoo Answers

Proof That Stock Market Crashes Aren't Predictable ... While the market didn't crash until the following year, it was during this precise time period that the credit markets started to buckle ...
